

## Community Engagement Advisor (Permanent, full-time)

The Nunavik Marine Region Impact Review Board (NMRIRB) was established as an Institution of Public Government upon signing and ratification of the Nunavik Inuit Land Claims Agreement (NILCA). The primary objectives, in carrying out its functions is to protect and promote the existing and future well-being of the persons and communities resident in or using the Nunavik Marine Region (NMR) and to protect the ecosystemic integrity of the NMR.

Reporting to the Executive Director (ED), the Community Engagement Advisor plays a leading role in ensuring Inuit Qaujimagatuqangit and community participation is incorporated into project screenings, environmental assessments and monitoring programs for approved projects referred to the NMRIRB under Article 7 of the Nunavik Inuit Lands Claims Agreement. The selected candidate will have the following responsibilities:

- Coordinates community consultations for project related screenings;
- Assists with community level consultation with potentially affected individuals, groups and organizations;
- Assists community members, affected individuals, groups and organizations to voice concerns and participate in public consultations;
- Review documentation and comment submissions, delivering accessible and objective summaries, findings and recommendations;
- Provides consideration and interpretation of Inuit Qaujimagatuqangit for NMRIRB screenings and reviews;
- Leads the facilitation of community meetings, workshops and public hearings with regulatory agencies and stakeholders;

### QUALIFICATIONS

- Thorough knowledge of the Nunavik Inuit Land Claims Agreement (NILCA);
- Consultation strategies and techniques for coordinating and carrying out public consultations;
- Strong focus on drafting public correspondence, working with Nunavik Inuit communities to identify and interpret Inuit Qaujimagatuqangit;
- Ability to review documentation, comment submissions and provides consideration and interpretation for traditional knowledge in environmental assessment;
- Excellent verbal and written communication skills in Inuktitut and English;
- Efficiency in Windows Operating System and Microsoft Office applications (Word, Outlook, Excel)
